SUMMARY

MERN Stack Developer with hands-on project and internship experience building full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Skilled in React component development, REST API integration, authentication, client-side state management, and backend development with Express.js and MongoDB. Familiar with Git, GitHub and Deployment.

SKILLS

- **Frontend** : HTML5, CSS3, JavaScript (ES6+), React.js, React Router, Responsive Web Design, React Hooks, Context API, State Management.
- **Backend** : Node.js, Express.js, REST APIs, API Integration, JWT Authentication
- **Database** : MongoDB, Mongoose
- **Tools**: Git, GitHub, VS Code, npm, Thunder Client, Vercel, Render

PROJECTS

Personal Portfolio | HTML5 . CSS3 . React.js

- Developed a fully responsive personal portfolio website using React.js, ensuring a consistent user experience across desktop, tablet, and mobile devices. Implemented scroll-based animations using AOS (Animate On Scroll) to improve visual engagement. **GitHub | Live link**

E-Commerce Web Application | React.js · Node.js · Express.js · MongoDB

- Built a React-based e-commerce platform with a separate admin panel, using Context API for global cart and auth state management. Designed and integrated REST APIs in Express.js for product listings, cart operations, and order management, with proper loading and error handling
- **GitHub | Live link | Admin link**

Personal Finance Management Dashboard | React.js · Node.js · Express.js · MongoDB

- Built secure user authentication using JWT and bcrypt password hashing, with REST APIs and MongoDB schemas modeling accounts, transactions, and budgets.
- Integrated the Plaid API to sync real bank account and transaction data, handling API errors and loading states for a smooth user experience. **GitHub | Live link**

EXPERIENCE

MERN Stack Intern - Infyntrek Systemes - August 2026 Present

- Developed web applications using React.js, Node.js, Express.js, and MongoDB.
- Built and integrated REST APIs and worked with MongoDB & Mongoose for backend developed.
- Used Git and GitHub for version control and team collaboration.

EDUCATION

Bachelor of Computer Science

SEP 2022 - APR 2025

Sri Sankara Arts and Science College, Kanchipuram

CGPA: 7.56

LANGUAGES

English, Tamil, Hindi
